

**When you want a FAST Pass of your Tax Refund,
be sure to have The Tax Quarterback on your team!**

See your 3 options for receiving your refund FAST!

Tax Refund Bank Deposit

If you prefer direct deposit straight to your bank account, this is a convenient option. Once your refund has been received, we will deduct the required fees and then expedite the proceeds straight to your savings or checking account via ACH direct deposit.

What are the benefits?

- No fees for check cashing
- You receive a text message and/or email notification when your funds have been forwarded to your bank

Tax Refund Bank Check

With this option, applicable fees will be deducted from your refund amount, and you will receive a check for the balance. It's that Quick & Easy! The check will be available immediately upon deposit by the treasury department or applicable state agency.

What are the benefits?

- You receive your refund up to 2 days sooner than a regular direct deposit.
- You receive a text message and/or email notification when your check is ready.

Tax Refund Debit Card

This is a great method if you prefer to have your refund loaded directly to a debit card. The refund debit card is similar to a standard ATM/Debit card. We will provide you with the debit card before you leave the office. Once your refund has been processed by the treasury department, the refund amount (less tax preparation fee) will be deposited onto the card for your immediate use.

What are the benefits?

- No set up fees
- No fees for check cashing
- Your refund can be withdrawn from an ATM for immediate access to cash or the card can be used as a point-of-sale anywhere that accepts VISA.
